

All-RFP Prime Contractor Readiness Audit

A report-only assessment of 510 RFP records: standalone-prime fit, teaming needs, and verified final submission portal URLs where available.

Prepared October 1, 2026 at 3:47 PM CT

Source snapshot: 2026-10-01T01:20:13.880Z

Executive decision summary

Important: “Sufficient as prime” means the indexed delivery scope fits FuntoNetwork’s operating model and no organizational gate is visible in the available index record. It is not a legal determination of eligibility. The controlling solicitation and amendments must be checked before bid approval.

510 RFPs audited	111 Currently open	121 FuntoNetwork sufficient as prime	383 Prime + subcontractor(s)
6 Qualified external prime required	44 High-confidence decisions	183 Medium-confidence decisions	283 Low-confidence / document review required
48 Verified final submission URLs			

Submission URL control: 48 records have an explicit or verified official portal URL. All other rows deliberately say “not confirmed” instead of substituting an aggregator, expiring document link, or general source page.

How to use the three structures

FuntoNetwork sufficient as prime Bid as prime if the full solicitation confirms registrations, insurance, experience, financial capacity, key personnel, and compliance.	FuntoNetwork prime + subcontractor(s) FuntoNetwork may lead as prime/integrator, but should lock qualified subcontractors, OEMs, licensed trades, or specialist delivery firms before submission.	Qualified prime required; FuntoNetwork subcontractor Do not represent FuntoNetwork as standalone prime on current evidence. Team under a verified vehicle holder, cleared/qualified firm, or otherwise eligible prime.
--	---	--

Verified company baseline

FuntoNetwork Corporation is documented as a Current - Active Business Corporation in North Carolina (SOS ID 3241517). This establishes corporate existence, not procurement-specific responsibility.

Corporate gates not verified in the workspace

- SAM.gov registration, UEI and CAGE
- Facility/security clearance and cleared-facility sponsorship
- SPRS score, CMMC and defense-program eligibility
- Contract-vehicle, framework, schedule and prequalified-supplier membership
- Bonding capacity and solicitation-specific insurance limits
- Trade/professional licenses and local registrations
- OEM/reseller authorizations and platform certifications

- Solicitation-specific past performance and financial capacity

Open RFP action register (111)

These are the records where the teaming decision can still affect bid strategy. Nearest recorded deadlines appear first.
